A large spire was drawn yesterday from the Littlejohn & Milne quarry at Westerville to Jones Brothers' sheds; H. C. Leonard had charge of the drawing, which required twenty-two horses. This stone measures 25 feet in length, is three feet square at the base, and weighs over 40 tons.

Fitchburg Sentinel. The results obtained by this combination of noble voices were such as to give the audience an evening of unequalled pleasure. The effects produced in the ensemble numbers were thrilling. There was a magnificent body of tone in fortissimo passages, while the gradations of shading were effected with modulations delicate, fine and artistic. Barre opera house, Thursday evening, Nov. 13th.

Miss Mary E. Fiske, aged 66 years, died yesterday morning at her home in Montpelier of heart failure. Miss Fiske was born in Watfield April 19, 1840. She is survived by three sisters, Mrs. C. M. Cross and Miss Amy R. Fiske of Montpelier, and Mrs. A. C. Gray of Barton Landing, and one brother, Rev. Perin B. Fiske of Plainfield. Miss Fiske spent most of her life in Montpelier, having conducted a millinery store for many years. The funeral will be held at 3 o'clock this afternoon from her late home, the Rev. L. F. Reed officiating.

The honors are many for the members of the cast in "The College Widow," which comes here this evening at the opera house. Being clear of the obligations of writing for a star, George Ade "fattened" every part in his play to the best of his ability, and the actor whose part could be deemed small when gauged by an actual count of lines or scenes, has an equal chance of giving the audience a lasting impression. One character who comes in for general attention, the town marshal, was even "written in" after the play went into rehearsal. Aside from giving "The College Widow" its present distinction, this distribution of good parts furnishes the company with the greatest natural incentive.

Protection From Autumn Rains!

One of the best all-round garments made is the "Cravenette," or Rain Coat. Any suitable fabric may be cravenetted, which is a chemical process making any cloth waterproof. This gives the wide range of attractive fabrics which are made into "Sincerity" Rain Coats. Men who pride themselves on the correctness of their attire consider this garment necessary for wear in rainy weather alone. But it serves the double purpose of being equally as good for cool, sunshiny days or a protection against rain. Our "Sincerity" Rain Coats range in price from \$10.00 to \$20.00. They are skeleton lined with inside tailoring to give them permanence of shape in the collars, shoulders and front.

"Sincerity" Suits and Overcoats!

We have a great line of these garments this season. We aim to constantly better our service and be "different," and as far as the claim of "best" is concerned we are willing that you make a comparison of values and prices.
